

THE LEGACY SOCIETY

For over 70 years, Burnaby Hospital has been providing quality care, close to home, to you, your friends, and your family. Your support as a Legacy Society member is a targeted investment in modern and upgraded medical equipment, technology and facilities for our healthcare teams, enabling exceptional patient care today and in the future.

The Legacy Society is the exclusive club where Burnaby Hospital Foundation honours and recognizes those who include Burnaby Hospital Foundation in their Will or estate plans with a gift valued at \$5,000 or more. We are honoured to help fulfill the enduring legacies of our Legacy Society members.

As some of our most loyal and cherished donors, we recognize and gratefully acknowledge Legacy Society members on the Foundation's Legacy Society Donor Wall.

Together we are paving the way toward a brighter future in healthcare for generations to come.

For more information, please contact Kristy James, President & CEO, at [604-431-2881](tel:604-431-2881).
